

## Ariciul de la Peretu

(Muntenia)

Ariciul means "Hedgehog." Peretu is a village in south Muntenia. The steps are quick and made in such a way to prevent stepping on the sharp needles of the hedgehog.

Pronunciation:

Cassette: Vasilescu, Stockton 1995

A.  $\left[ \begin{array}{c} \uparrow \\ \text{L} \end{array} \text{+} \mid \text{L} \text{L} \mid \begin{array}{c} \downarrow \\ \text{J} \end{array} \text{t} \mid \text{J} \text{J} \mid \begin{array}{c} \square \\ \text{L} \end{array} \text{J} \mid \text{t} \text{+} \mid \text{t} \text{?} \mid \text{L} \text{L} \text{:} \end{array} \right]$

B.  $\left[ \begin{array}{c} \uparrow \\ \text{L} \end{array} \text{+} \mid \text{L} \text{L} \mid \begin{array}{c} \downarrow \\ \text{J} \end{array} \text{t} \mid \text{J} \text{J} \mid \begin{array}{c} \square \\ \text{L} \end{array} \text{J} \mid \text{t} \text{J} \mid \text{L} \text{+} \mid \text{L} \text{J} \mid \end{array} \right]$

$\left[ \begin{array}{c} \text{L} \text{J} \mid \text{L} \text{J} \mid \text{L} \text{J} \mid \text{L} \text{J} \mid \begin{array}{c} \square \\ \text{L} \end{array} \text{J} \mid \text{t} \text{+} \mid \text{t} \text{?} \mid \text{L} \text{L} \end{array} \right]$

C.  $\left[ \begin{array}{c} \uparrow \\ \text{L} \end{array} \text{+} \mid \text{L} \text{L} \mid \begin{array}{c} \downarrow \\ \text{J} \end{array} \text{t} \mid \text{J} \text{J} \text{:} \right] \left( \begin{array}{c} \square \\ \text{L} \end{array} \text{J} \mid \text{t} \text{J} \mid \text{L} \text{+} \mid \end{array} \right)$

$\left[ \begin{array}{c} \text{L} \text{J} \mid \text{t} \text{J} \mid \text{L} \text{+} \mid \text{L} \text{J} \mid \begin{array}{c} \text{2} \\ \text{L} \end{array} \text{J} \text{?} \mid \text{J} \text{L} \mid \text{+} \text{L} \mid \end{array} \right]$

$\left[ \begin{array}{c} \text{J} \text{t} \mid \text{J} \text{L} \mid \text{+} \text{L} \mid \text{J} \text{t} \mid \text{J} \text{L} \mid \begin{array}{c} \text{2} \\ \text{L} \end{array} \text{J} \text{?} \mid \end{array} \right]$

$\left[ \begin{array}{c} \text{L} \text{J} \mid \text{L} \text{J} \mid \text{L} \text{J} \mid \text{L} \text{J} \mid \begin{array}{c} \square \\ \text{L} \end{array} \text{J} \mid \text{t} \text{+} \mid \text{t} \text{?} \mid \text{L} \text{L} \end{array} \right]$
